EDUCATION

MCA

08/2023 – 06/2025 | Lucknow, India

Dr. A. P. J. Abdul Kalam Technical University

MCA stands for Master of Computer Applications, a postgraduate program focusing on computer applications and software development, equipping students with advanced skills in IT, software development, and data management.

PROJECTS

portfolio

12/2024 – 01/2025

A portfolio in React.js is a web application that showcases your skills, projects, experience, and personal details in an interactive and dynamic way. Since React.js is a component-based library, you can structure the portfolio efficiently with reusable components.

Tech Stack: React.js, Tailwind CSS
